

8K FIBERLINK ACTIVE OPTICAL HDMI CABLE

HDMI 2.1 | Turbo Speed | Long-distance 8K signal transmission

PEAPSONIC PS-HA SERIES

8K @ 60 Hz

Hybrid fiber and copper construction delivers high-bandwidth HDMI signals over long distances with low signal loss. Directional Source and Display connectors simplify installation.

48 Gbps
Bandwidth

HDMI 2.1
8K / 4K

30 m
Max. length

KEY FEATURES

- HDMI 2.1 active optical cable with hybrid fiber technology
- Supports video resolutions up to 8K@60 Hz and 4K@120 Hz
- Ultra-high bandwidth up to 48 Gbps
- Supports HDR, eARC, VRR, ALLM and QFT
- Low-loss, interference-resistant long-distance transmission
- Available in 20 m and 30 m lengths

APPLICATIONS

- 8K televisions, projectors and professional displays
- Meeting rooms, auditoriums and digital-signage systems
- Gaming consoles and high-performance media systems
- Broadcast, control-room and home-cinema installations
